## President Believes it Circumvented

## PRESISTS IN HIS STAND

## That Money Kings are After Him, Despite Ridicule of Big Papers

(Scripps-McRae Dispatch.) WASHINGTON, D. C., April 6.—Despite efforts of great newspapers and many statesmen to ridicule the president's assertion that he has discovered a "rich men's conspiracy," and despite theories advanced that the tale resulted from a "brain storm," the president is convinced of the existence of such a plot. The president's belief is supported, too, by a majority of observers at the capital. Unquestionably people of the country share the belief.

The president it is authoritatively spoken, is convinced that by the exposure thus early, he has circumvented the plot, also that he has corroborative evidence in addition to the statement of a distinguished guest at a dinner recently.

"Dinner" Jars Senators Say "dinner" to a senator and see him jump.

Bourne and Hansborough called at the White house today. Both are reticent about dinner. Bourne when asked, exclaimed: "I have nothing to say about dinner."

Hansborough said: "Neither have I. I might want to go to other dinners. If I talk too much about some I may never get another invitation."

Andrews, the New Mexican delegate, was also a caller at the White house, and also a guest at the dinner. He was equally "mum."

Hemenway got excited when approached and cried: "Never say 'dinner' to me again. I never want to hear the word. I think I'll quit eating."

## START MARKET STREET PAVING

The board of public works is advertising for bids on the paving of Market street. It is to be paved with macadam from Seventh to Sixteenth.

Work will be started immediately after the letting of the contract.

The paving on George street with the county rock has been finished and tomorrow the men will be set to work repairing the bad places along the Mormon Coulee road.

Notices are being sent out by the board notifying all property owners to remove from their yards, all refuse, ashes, etc., that have collected during the winter in compliance to ordinance No. 400.

In case of failure to do so the city will remove it and all cost in doing so will be charged against the abutting property.

## ESCH DECLINES CLUB INVITATION

Congressman Esch has received an invitation from the Hamilton club of Chicago to speak at a banquet in honor of Appamottox. Seven hundred guests are expected. Mr. Esch declined the invitation as he is too busy.

## DECAPITATED BY A FREIGHT TRAIN

## Unknown Man, Believed to be Harry Kommerford is Killed Near Here

An unknown man, believed to be Harry Kommerford of Chippewa Falls, was decapitated by a Northwestern train near the station at Trempealeau late yesterday afternoon.

The victim of the accident was evidently stealing a ride and fell from between the cars onto the rails. His dead body was discovered after the train had passed. His identity puzzles the authorities at Trempealeau, but a letter indicates he may be the Chippewa Falls man.

The body is being held at Trempealeau.

## Victim Is Identified

The victim of the accident was identified this afternoon as Harry Kommerford of Chippewa Falls. He was well dressed, and had a union cigarmakers card in his pocket. He had been drinking. Parents reached Trempealeau on the noon train to take the body home.

## STRIKERS SHOOT 10 WHO SEEK WORK

(Scripps-McRae Cablegram.) LODZ, April 6.—Ten workmen were shot and killed by strikers in the factory district here today, because they attempted to resume work. The managers desire to re-employ the men, but the strikers refuse to resume.

## SEIZURE CAUSES FISH SHORTAGE

There has been a marked shortage of pike and lake trout in the local markets during the past week as a result of the seizure of a shipment at Milwaukee.

H. M. Sieger, of a local firm, had a large shipment of lake trout and pike, ordered of Johnson & Schiller at Green Bay. The fish came as far as Milwaukee where they were seized by the game wardens.

This was probably due to some mistake and they will in all probability be forwarded to La Crosse.

## CHICAGO HAS TWO MAYORS JUST NOW

(Scripps-McRae Dispatch.) CHICAGO, Ill., April 6.—This city is governed by two mayors. Dunne will be mayor until Busse's bond is approved by the council, but to prevent Dunne making any appointments Busse was sworn in today. This makes Dunne's every official act subject to Busse's revision.

## Madison Gets Good Man

Pitcher Kumm of Milwaukee, who will make a whale in the state league is just about cinched for Madison.

He is certainly a real "find." Kumm stands high in the Cream city as a semi-pro twirler. Manager Doyle of the Milwaukee team thought he looked good, and he took him to Champlain for a try-out. He showed up in good style, but Doyle decided Kumm needed another minor league year to brush him off. "All that Kumm needs to make a first class pitcher is another season's experience in the State league," said Doyle.

O. L. Larkenbridge of Watertown is the guest of friends in the city for a few days. J. J. Conway of Albert Lea, is visiting friends in the city.

## Carl Borreson and Andrew Olson Escape Penitentiary Owing to Youth

Carl Borreson, aged 22, and Andrew Olson, aged 18, were sentenced this morning to one year in the state reformatory at Green Bay by Judge Brindley.

They were tried on a charge of burglarizing the saloon of Ed Forseth 901 Rose street. Although the law provides a penitentiary sentence of from one to three years for this crime the judge was inclined to be lenient, owing to their youth, and reduced the sentence.

## SELL BONDS FOR SCHOOL APRIL 15

The money was appropriated by the council last year to install a new heating plant and other improvements to the building.

The contract will be awarded some time during the month as the council specified that it should not be let earlier than April 1, nor later than May 1.

## LOCAL SCHEDULE REMAINS SAME

President Elliott of the La Crosse Baseball association received a letter this morning from the president of the league, Mr. Moll, in which he stated that the schedule had been changed in order to suit Wausau but that the La Crosse schedule was not affected by the change. The only teams affected are Wausau, Oshkosh, Green Bay and Fond du Lac.

The list of umpires for this season will be announced later.

## CLAIMS HE IS THE APOSTLE PETER RESURRECTED

Harry Chapman, a former Salvation Army worker, and religious erratic who struck terror to Captain Ivey of the City Mission by telling an assembled meeting that churches were disturbing influences, now claims to be the Apostle Peter, resurrected.

Mr. Chapman, who has been preaching from the street corners, says that he is dead and that by divine appointment the Apostle Peter is making use of his body.

In proof thereof, he issues the following statement:

"In order to bear record of the truth and resurrection power of the Lord and Savior, Jesus Christ, in raising the saints in their own order, as He said at the last day he would raise them up again, and the twelve Apostles should sit on twelve thrones, judging the twelve tribes of Israel, and all others in their lot at the appointed time, so the resurrection of the unjust for damnation is seen in the resurrection of the scribes and pharisees and hypocrites engaged as of old in building material temples called in Revelations of John, synagogues of Satan. They love to sit in the uppermost seats of Moses, calling themselves reverends, rabbis and holy fathers. Jesus said call no man on earth your father, but be ye brethren, for one is your father, even God. They are still gambling and buying and selling and making merchandise in what they call the house of God and giving the people the wine cup of their fornication to drink spiritually. They are prostituting the people. The resurrection of the just is soon to be seen, as I am the resurrection of Apostle Peter, who has been given judgment, according to the wisdom of God, and the kingdom of Christ, who says the beast, the false prophet and the devil, will be destroyed or consumed in the lake of fire. I am neither an evangelist, self-appointed, nor 'Harry Chapman,' who is dead, and in his stead is risen Apostle Peter, with the same keys of death, hell and the grave. The Christ of God, who is my head, appointed me to this degree, giving me ability to administer the truth as it is in him and work his works of casting out devils, healing all manner of sickness, etc., by giving bread to the children of God, or those who desire to forsake sin, and be raised to Him.

"THE APOSTLE PETER, "By Order of the Son of Man."

SURPRISE PARTY Miss Bertha Bummer was pleasantly surprised at her home, 1413 South Sixth street, yesterday afternoon by a party of ten of her friends. It was in honor of her seventeenth birthday. The afternoon was spent in games and music after which refreshments were

## BARBERS IN DEAL TO GET BIG PRICES

## Secret Meeting is Held by Bosses

## "LITTLE SHAVERS" OBJECT

## Dissent of Opinion is Likely to Thwart the "Agreement" Plan

Haircut, 35 cents  
Shave, 15 cents.  
Shampoo, 35 cents.

If a deal now being framed up by the "boss" barbers of the city can be carried through the foregoing prices will be charged in the barbershops of the city, the barbers having come to the conclusion they are not getting as much as they can for their work.

The movement has been kept very quiet, but it is admitted today the boss barbers met last week, inviting all shop owners to attend, and discussed the price question. The larger shops are leading the movement to advance the prices of shaves from 10 to 15 cents, haircuts from 25 to 35 cents, shampoos the same, and other work in proportion. There are some cities where these prices are charged, and the La Crosse barbers feel they might as well charge more.

There is some dissension in the ranks, however, the smaller shop owners saying that if the plan was adopted, it would put them out of business. Several are known to have determined to refuse to go into the arrangement, and unless all join, it is likely the plan will be dropped.

At the meeting held, it was suggested by one of the barbers that the public raise a row about the increase, whereupon the promoters of the advance suggested that it could be adopted for thirty days, and if it was found satisfactory, or if too much complaint was made the new schedule could be dropped.

A committee was appointed to get together and get up a complete price list, and another meeting will be held next Monday evening at which further action will be taken.

W. H. Webb, Main street barber, admitted the arrangement this afternoon. It is said the Webb and Linker shops are behind the scheme.

## TRAINMEN NOTIFIED OF RATE OF NEW INCREASE

### PASSENGER CONDUCTORS GET \$10 MORE MONTHLY

A bulletin issued on March 28 by Superintendent W. B. Foster, at Minneapolis, was posted at the various depots of the Milwaukee road this morning announcing to trainmen the amount of increase granted.

Passenger conductors will receive an increase of \$10, passenger baggagemen \$7.50, passenger flagmen and brakemen \$5.

The rate of pay of the conductors and brakemen on the through and irregular freights and local freights will be increased 10 per cent over the rate of Nov. 1, 1906.

Many of the trainmen seem to be dissatisfied with the increase which they claim should have been larger. The switchmen, who asked for a raise some time ago, were given a larger percentage.

The majority of the railway men, however, seem to be pleased with the fact that the strike has been settled.

### WOULD STOCK FIELD WITH JACK RABBITS

North side sportsmen are contemplating bringing a number of jack rabbits from Minnesota and setting them free north of the La Crosse river or near the sand prairies of Richmond, where they say the game would be sure to thrive.

## BATTLE FOR LIFE

When Despair Seemed all that was left, he Strives and Finally Wins Health

The experience of R. H. Lewis of 61 Second Street, Gloversville, N. Y., who was given up by his doctors to die of consumption and whose pastor and friends had lost hope, is given for the benefit of all who are tending toward consumption.

Mr. Lewis lost 21 pounds in three months, had hemorrhages, and a consultation of physicians gave the verdict that he had consumption and one lung was nearly gone, and he returned from visits to the Adirondack and Catskill Mountains so weak that he could hardly get about. It was at this stage that he began to take Father John's Medicine the guaranteed cure for throat and lungs. Now he is able to return to work after two years' illness, and he gives all the credit to Father John's Medicine.

As a body builder Father John's Medicine has no equal. No alcohol or injurious drugs.

## Have YOU Heard of NEWBRO'S HERPICIDE

The New Scalp Prophylactic.

Newbro's Herpicide is the first Prophylactic for the hair and scalp. Its formula harmonizes with the theory (now a recognized fact) that dandruff, itching scalp and falling hair are of microbic origin. Herpicide defends the hair and scalp against disease and by destroying the scalp microbe or dandruff germ (a tiny vegetable growth) it eradicates dandruff, stops falling hair and permits the hair to grow as nature intended. Almost marvelous results sometimes follow its use. Miss Clutter's letter and photograph certainly speak for themselves.

"I herewith enclose you one of my latest photographs, which will show you what Newbro's Herpicide has done for my hair. Since using your remedy my hair is much longer than it was, and it has that luster to it that one's hair always has when their scalp is in a healthy condition."  
(Signed) MADELINE CLUTTER.

# AMERICAN OFFICERS OF HIGH RANK AND OTHERS ENDORSE PE-RU-NA.

## Prominent People Recommend the Remedy Pe-ru-na.

### Dr. Hartman's World Renowned Catarrh Medicine.

A Remedy for the Grip, Gen. W. H. Parsons, 925 H St., N. W., Washington, D. C., writes as follows:

"Upon the recommendation of personal friends and many strong testimonials to the efficacy of Peruna in the treatment of the numerous symptoms of the grip with which I have been afflicted for four months past, I have been induced to undergo a treatment of this justly celebrated formula.

"I feel a decided change for the better by its use for one week only, especially in toning up the stomach, and a consequent decided effect upon my appetite. "I therefore feel much encouraged that I am on the road to complete restoration.

"My numerous friends in Texas, where I have had the honor to command a brigade of her veteran cavalry in a four-year war, may accept this voluntary testimonial to the merit of Peruna from a soldier of obligation for its wonderful efficacy."

### Pe-ru-na a Good Tonic.

Gen. M. C. Butler, of South Carolina, writes from Washington, D. C., as follows:

"I can recommend Peruna for dyspepsia and stomach trouble.

"I have been using your medicine for a short period and I feel very much relieved.

"It is indeed a wonderful medicine, and besides a good tonic."

### Colds in the Head and Throat.

Chas. W. Bowman, 1st Lieut. and Adj. 4th M. S. M. Cav. Vols., writes from Lanham, Md., as follows:

"Though somewhat averse to patent medicines, and still more averse to becoming a professional affidavit man, it seems only a plain duty in the present instance to add my experience to the columns already written concerning the curative powers of Peruna.

"I have been particularly benefited by its use for colds in the head and throat.

"I have been able to fully cure myself of a most severe attack in forty-eight hours by its use according to directions.

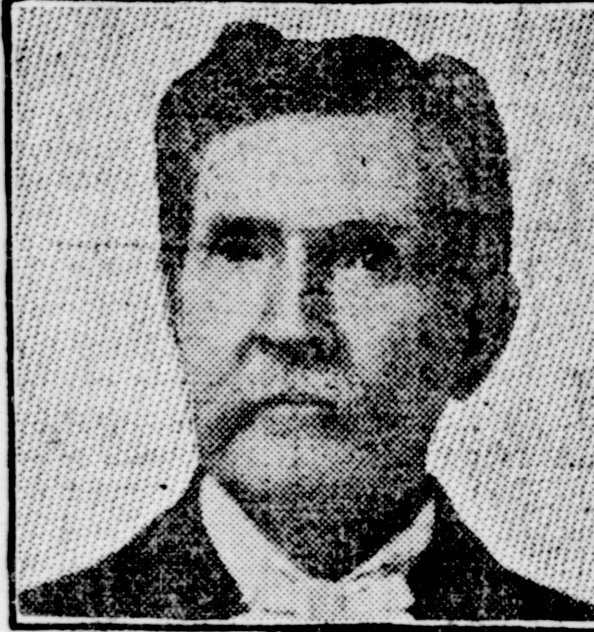

"I use it as a preventive whenever threatened with an attack.

"Members of my family also use it for like ailments.

"We are recommending it to our friends."

GEN'L KIRBY

Gen. A. M. Legg

### Recommends Pe-ru-na to the Afflicted.

Brig. Gen. D. T. Kirby, Washington, D. C., writes concerning Peruna, as follows:

"Friends of mine having used your Peruna catarrh cure with good results, I am impressed with its curative qualities, and can recommend it to those who are afflicted."

### An Invigorating Tonic.

Rear-Admiral Hishorn, U. S. Navy, Washington, D. C., writes:

"After the use of Peruna for a short period, I can now cheerfully recommend your valuable remedy to any one who is in need of an invigorating tonic."

### For Catarrh of the Stomach.

Gen. W. W. Duffield, Washington, D. C., writes:

"I have used Peruna in my family and have found it a valuable medicine and take pleasure in recommending it to all who suffer from catarrh of the stomach or who require a tonic of prompt efficacy."

## DEAFNESS CAUSED BY CATARRH—RELIEVED BY PE-RU-NA.

Gen. A. M. Legg, writes from the Savings Bank Building, Washington, D. C., as follows:

"I take pleasure in endorsing the many recommendations I have heard and read of Peruna, because of having had knowledge of the truth of so many of them.

"We always tell our sick and ailing friends of the remedies that we have learned, from experience, were good for us when ailing in the same way, and we do it as a duty we feel that we owe them.

"Why is it any the less our duty to advise all the people we can when we know of a good and comparatively inexpensive remedy that makes many cures, and benefits in almost all cases?

"My own little personal experience of being relieved of deafness, caused by a siege of catarrh, warrants me in advising all the afflicted to just try Peruna."

### Used Pe-ru-na—Satisfied As to Its Merits—Recommends It to All Sufferers.

Gen. S. S. Yoder, 203 Md. Ave., N. E., Washington, D. C., writes:

"I desire to say that I have found Peruna to be a wonderful remedy. I only used it for a short time and am thoroughly satisfied as to its merits. I shall gladly recommend it to all sufferers."

### For Kidney Trouble, Coughs, Colds and Catarrh.

Gen. A. T. Hawley, 1336 25th St., N. W., Washington, D. C., writes:

"I have used Peruna and find it very beneficial for kidney trouble, and especially good for coughs, colds and catarrh trouble."

### Convinced of Pe-ru-na's Merit.

Brig. Gen. J. Floyd King, Washington, D. C., writes:

"Unhesitatingly state that I am convinced Peruna is a medicine which will effect all that is claimed for its use."

Those desirous of obtaining special directions with regard to the use of Peruna should write to Dr. S. B. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

### When Other Remedies Failed Pe-ru-na Proved Efficacious.

Hon. Geo. W. Honey, National Chaplain U. V. U., Ex-Chaplain 4th Wisconsin Cavalry, Ex-Treas. State of Wisconsin and Ex-Q. Master General State of Texas, G. A. R., writes from 1700 First street, N. E., Washington, D. C., as follows:

"I cannot too highly recommend your preparation for the relief of catarrh troubles in their various forms.

"Some members of my own family have used it with most gratifying results.

"When other remedies failed, Peruna proved most efficacious and I cheerfully certify to its curative excellence."

### Pe-ru-na, a Standard Treatment For Catarrhal Diseases.

Mr. John C. Nelson, Dayton, Tenn., geologist and mining engineer, while a Captain in the Federal Army during the Civil War, contracted a case of rheumatism. This malady was constant and persistent, inducing the development of other ailments, which also became chronic. After taking a course of Peruna, Capt. Nelson writes:

"Having been painfully afflicted with chronic rheumatism and the adjunctive complications for many years, and after having received many general and special treatments with only temporary relief, I read your scientific treatise on catarrhal diseases.

"At my request you prescribed a special course of the Peruna remedies, which I closely followed, and am happy to report that my rheumatism and complicated ailments are subdued, and I feel young again at the age of 60 years.

"Reason will accept your classification of catarrhal diseases as scientific and true, and the Peruna remedies as a standard treatment for them. I thank you heartily for your skilled and logical advice."

### Enjoys Renewed Health and Strength.

James J. Osborn, 623 Wahsatch Ave., Colorado Springs, Colo., has filled all the positions in Knight Templars Masonic Order, was a Mason since 1866, Judge of County Court, Clinton, Mo., and also County Collector of Clinton. He writes:

"A sluggish liver which I had been troubled with for two years made life miserable and I was unable to attend to my business half the time. I lacked energy, had headache most of the time, and my food distressed me and did not seem to do me a particle of good.

"Reading of the many cures performed by Peruna, I decided to try a bottle. Before I had taken many doses I felt better.

"I took it as directed for two months when I was a well man."

"UNALTERABLE DETER-  
MINATION"

The reassuring note in Mr. Harri-  
man's declaration that, "I do not in-  
tend to continue this controversy,"  
fades before the likelihood that Mr.  
Roosevelt does.

Yesterday The Tribune hazarded  
the suggestion that possibly Mr.  
Roosevelt might encourage the dis-  
pute as an excuse for cancelling his  
declaration that he will not again  
be a candidate. We expected this  
presumption on our part would create  
a commotion in Washington, and  
were even prepared to be officially  
designated as "liars," but in this we  
did the president an injustice. If  
there was any resentment over our  
position, it was smothered. Perhaps  
the following in "Raymond's" dis-  
patch to the Chicago Tribune ("Ray-  
mond" always speaks by administra-  
tion Hoyle) may explain:

"I believe I am expressing the sim-  
ple truth when I say that Theodore  
Roosevelt was entirely sincere on the  
night of the election in 1904 when,  
without any solicitation and to the  
surprise of the entire country, he an-  
nounced that he would not be a can-  
didate for re-election. He has re-  
peated the same thing since then in  
my presence and in the presence of  
hundreds of others. \* \* \* At the  
same time it is becoming evident that  
there is a concentration of bitter per-  
sonal hostility to Theodore Roose-  
velt and his attitude toward the rail-  
roads which must necessarily be di-  
rected against him himself from now  
until the end of his term. A man  
would be more than human if he  
would refrain from fighting back and  
merely put forward a substitute to  
win a battle which he knew he him-  
self could win by entering the lists.  
\* \* \* The president has pledged  
himself not to be a candidate for re-  
election. The trust magnates have  
taken advantage of that pledge and  
are pushing him into a corner. There  
are many who believe that in personal  
self-defense and in vindication of his  
own political reputation the president  
will sooner or later be forced to go  
before the people himself for a vindi-  
cation, and he will be able to do that  
only by becoming a CANDI-  
DATE FOR PRESIDENT."

So, it is evident, even though the  
Harriman attack came uninvited, it is  
regarded as a possible force to "com-  
pel" the resurrection of Theodore  
Roosevelt as a presidential possibility.

But other phases of the situation  
are, if not seriously important, at  
least entertaining. There is, for in-  
stance, the spectacular demonstration  
of the chief executive. Of this the  
Milwaukee Sentinel (Republican) apt-  
ly says: "The controversy seemed  
to become, in a measure, hysterical.

The suggestion of the president that  
Mr. Harriman, Mr. Rockefeller, and  
the trusts had 'hooked up' with Mr.  
Hearst in an effort to further that  
man's political ambitions, and thus to  
control the policies of the country as  
regards trusts and corporations, ver-  
ges perilously near the ridiculous."  
Does not the spectacle become wear-  
isome—this approach to presidential  
bombast in the face of a situation  
that is, to say the least, delicate?

Were one seeking to justify the pres-  
ident's strange talk no more convinc-  
ing explanation could be offered than  
that it is the repartee of allitera-  
tion, Mr. Roosevelt's resentment of  
Mr. Hearst's taunt, "Ryan & Roose-  
velt" finding expression in the re-  
port, "Hearst & Harriman!"

The Chicago Inter-Ocean (Repub-  
lican) calls attention to a seeming in-  
consistency in the president's reply to  
Harriman. It says: "Mr. Harriman,  
in reply, published the president's  
original letter, inviting him to the  
White house, which Mr. Roosevelt  
had neglected to mention, corrected a  
change which Mr. Roosevelt had  
made in another letter, and thus ap-  
parently proved that the initiative in  
the whole affair concerning the funds  
was taken by the president. The  
president now denounces Mr. Harri-

man as an "enemy of the republic,"  
and him of being a "conspirator."  
His wealthy man, as we have seen,  
got over into your yard and dug  
a lot of 'em and I think he me

REGARDS THE POINTS MADE  
IN MR. HARRIMAN'S REPLY, HE  
SEEMINGLY FORGETS TO  
MAKE ANSWER." This oversight  
on the part of the president would at-  
tract less attention were it not for  
the fact that the points in Mr. Harri-  
man's letter which he fails to speci-  
fically refute involve the essence of  
the question of veracity. Probably  
Mr. Roosevelt regards these as amply  
covered in his general accusation that  
Mr. Harriman is a liar. At any rate,  
the Inter-Ocean believes that, Mr.  
Cornelius N. Bliss having been pres-  
ent at the meeting with Chauncey De-  
pew, and having therefore personal  
knowledge of the fact as to the pres-  
ident's attitude toward the Harriman  
funds, should speak. It urges Presi-  
dent Roosevelt to urge Mr. Bliss to  
out with the whole story. And as  
the president has told the truth and  
cannot be injured by its repetition, he  
will undoubtedly secure the consent  
of Mr. Bliss to silence Mr. Harriman  
forever by telling—not only the truth,  
which we have already heard with  
variations—but "the whole truth and  
nothing but the truth."

HAS THE LESSON BEEN  
LEARNED?

The good humor with which the  
public has seen its plans for competi-  
tion in public service go by the  
board, without hasty or intemperate  
complaint, indicates that logical de-  
liberation is to mark the process of  
the assimilation of new conditions.  
There appears to be no possible es-  
cape from the situation that will  
arise from the resumption of monop-  
oly. If the new corporation has the  
sagacity to take advantage of the  
tolerant mood of its patrons by es-  
tablishing fair business relations and  
reasonable equitable methods, the  
expensive lessons of the past may  
not have been purchased in vain. Had  
there been no competition, there  
would not in years to come have  
been a new plant by the economy of  
whose up-to-date equipment the pub-  
lic has a right to expect to profit. The  
Tribune feels that, though "experi-  
ence" has been "a dear teacher," the  
price has not been excessive if public  
service interests have learned the ad-  
vantage of protecting as an invaluable  
asset the confidence and good will of  
their customers. By good works, not  
by fair words, must they prove the  
acquisition of this priceless wisdom.

## IT'S MOVIN' DAY

Monday The Tribune will be in its  
new quarters. The new "front" it will  
present there accurately represents  
the new "front" it will afford its  
patrons in the way of better service,  
but carries with it no suggestion of a  
"swelled head." So far as its policy of,  
to borrow from Abraham Lincoln,  
"Keeping close to the people," is con-  
cerned, it will be still "doing business  
at the old stand." It will be more  
than ever the paper of ALL the peo-  
ple. It will stand for right and in-  
tegrity and progress. It will play no  
favorites and shirk no duty. It is  
anticipated that the first edition will  
go to the public on time, without a  
hitch. But you have all "moved," and  
in case some unforeseen annoyance  
should arise, remember that, with  
The Tribune, "It's movin' day."

The theft and sale of the Herri-  
man letter may have been connived  
at. However, that does not affect  
the merits of the controversy involv-  
ing the question of veracity. If Mr.  
Harriman wishes to trump up an ex-  
cuse for having serrupitiously caused  
the publication of the telltale letter,  
he need only allege the impudence  
of the president in having interfered  
with his riparian rights on the banks  
of about 100 millions of watered Al-  
ton stock.

It would be neither Christian nor  
charitable to comment on the an-  
nouncement of a Boston paper that  
the All Fools' festival there was  
largely attended.—New York Herald.

In the allegation that Harriman  
controls the New York Times the  
carelessness of that publication in in-  
discriminately casting its pearls be-  
fore swine is properly rebuked.

"Now, be careful how you drive,  
cabby, and go slowly over the stones,  
for I hate to be shaken. And, mind  
you, pull up at the right house and  
look out for those dreadful railway  
vans."

"Never fear, sir; I'll do my best.  
And which 'orspital would you wish  
to be taken to, sir, in case of an  
accident?"

"I want to make a complaint, sir."

"About what?"

"About those plants in your back  
yard."

"What's the matter with them?"

"They're poisonous."

"I don't know for certain, but my  
dog got over into your yard and dug  
a lot of 'em and I think he me

## The Goat Tax

A Montgomery county man ob-  
jected to the action of the assessors  
of his town in assessing a goat he  
owned at \$25. He claimed that a goat  
was not "real" property in the legal  
sense of the word, and ought not to  
be assessed. One of the assessors  
very obligingly agreed to look over  
the rules and regulations regarding  
taxes when the man called on him to  
offer his objection. After reading in  
several books for an hour the assessor  
asked the man: "Does your goat run  
loose on the roads?"

"Yes, sometimes," replied the tax-  
payer, wondering what the penalty for  
that offense could be.

"Does he butt?" queried the asses-  
sor.

"Well, yes," answered the taxpayer,  
"he butts."

"Well, I don't see how we assessors  
can do anything for you. Here is a  
rule we have to go by, and it says we  
must tax 'all property running and  
abutting on the highway.' We can-  
not change the rules."—Philadelphia

THE COMIC SUPPLEMENT  
EVIL

(Ladies' Home Journal.)

The average parent does not seem  
to realize the absolute injury that he  
does his children by the admission  
into his home of the so-called "comic  
supplements," issued with the average  
modern Sunday newspaper. It is sad  
enough when the parent himself  
wastes his time over the so-called  
funnyisms and distorted art (!) which  
these supplements contain. But, at  
least, he is supposed to have the in-  
telligence to give the poor stuff the  
low relative place to which, if it has  
any place at all, it is entitled. But the  
child cannot do this. He accepts the  
slang in which the low wit is couched  
as current speech, adopts it and uses  
it as his own. He accepts the mean-  
ingless wit as his idea of humor, and

receives the distorted figures and bad-  
ly-drawn pictures as his conception of  
art. So, in language, in literature and  
in art, he receives his first ideas at  
the most impressionable part of his  
life from these hideous American  
plagues. Does the average father fully  
realize this? Does he realize the  
absolutely false note that he strikes  
in this way on the mind and in the  
character of his own child at the be-  
ginning of its life? For it must not  
be forgotten that in their spirit, con-  
ception, writing and art there is not  
a single spark of sincerity or honest  
effort in these pages. The whole  
thing is false, born of the most un-  
compromising spirit of commercial-  
ism, and issued without regard to any  
principle higher than to "sell the pa-  
per." We may choose to excuse these  
"supplements" as fleeting in the influ-  
ence, and on the ground that they  
"amuse the children," who forget  
them. But we need only look back  
to our own childhood and quickly  
prove to ourselves the untruth of  
such an argument. Childhood influ-  
ences are tremendously potent: im-  
pressions made upon us in the first  
fifteen years of our lives are practical-  
ly ineffaceable. If they were other-  
wise, why do we take so much pains  
in training our children? Childhood  
memories are not fleeting; they are  
permanent; and in that very fact lies  
the incalculable injury of these "sup-  
plements." Few things latterly de-  
vised by the mind of man are likely  
to prove so pernicious to the fu-  
ture ideas of our children as these  
modern despoilers of the youthful

mind. It is indeed a pity when a  
parent so far forgets the right pro-  
portion of things as to allow his  
child's initial ideas to be formed or  
influenced by a literature so low and  
an art so false.

## RICH NEW ZEALAND

(New York World.)

New Zealand, the land where there  
is neither pauper nor millionaire,  
seems to be prospering under the  
most "advanced" system of laws en-  
forced anywhere on earth.

The high commissioner of the col-  
ony in London has received in a ca-  
blegram the following statistics for  
1906:

Population, 909,000; value of im-  
ports, \$74,214,000; value of exports,  
\$78,350,000. Principal exports: Wool,  
butter, \$7,604,000; phosphorus, \$3,776,  
000; kauri gum, \$2,686,000; cheese, \$1,  
664,000; output of sawmills, \$10,220,  
000; output of grain mills, \$5,144,000;  
output of breweries, \$2,786,500, and  
output of bacon factories, \$1,236,000.

A Wellington correspondent of the  
London (daily) Times states that  
with an increase of \$10,000,000 in the  
value of New Zealand exports the  
colony could not well be otherwise  
than prosperous.

The total commerce of New Zea-  
land is \$166 for each inhabitant. That  
of the United States is about \$34 for  
each inhabitant; that of Great Britain  
itself \$122 for each inhabitant.

It is astonishingly easy to find an  
excuse for doing something that you  
really want to do.

(CONTINUED FROM YESTERDAY.)

A minute before the gong struck,  
there were 300 men jammed around  
the sugar-pole; men with set, deter-  
mined faces; men with their coats  
buttoned tight and shoulders thrown  
back for the rush to which, by com-  
parison, that of a football team is  
child's play. Every man in that  
crowd was a picked man, picked for  
what was coming. Each felt that  
upon his individual powers to keep a  
clear head, to shout loudest, to forget  
nothing, to keep his feet, and to stay  
as near the center of the crowd as pos-  
sible, depended his "floor honor," per-  
haps his fortune, or, what was more  
to him, his client's fortune. Nearly  
every man of them was a college  
graduate who had won his spurs at  
athletics or a seasoned floor man  
whose training had been even more  
severe than that of the college camp-  
us. When it was known before the  
opening of the exchange that there are  
to be "things doing" in a certain  
stock, it is the rule to send only the  
picked floor men into the crowd.

There may be a fortune to make or to  
lose in a minute or a silver of a min-  
ute. For instance, the man who that  
morning was able to snatch the first  
5,000 shares sold at 140 could have  
resold them a few minutes afterward  
at 152 and secured \$60,000 profit. And  
the man who was sent into the crowd  
by his client to sell 5,000 shares at the  
"opening" and who got but 140, when  
the price would be 152 by the time he  
reported to his customer, was a man  
to be pitied. Again, the trader who  
the night before had decided that  
sugar had gone up too fast, and who  
had "shorted" (that is, sold what he  
did not have, with the intention of re-  
purchasing at a lower price than he  
sold it for) 5,000 shares at 140 and  
who, finding himself in that surging  
mob with sugar selling at 152, could  
only get out by taking a loss of \$80,  
000, or by taking another chance of  
later paying 162—such a trader was  
also to be pitied.

No one who scanned the crowd that  
morning would have believed that the  
calm, set face on that erect Indian  
figure, occupying the very center of

that horde of gamblers who were only  
awaiting the ringing clang of the gong  
to hurl themselves like madmen at  
each other, was the hysterical man  
who the night before was wildly pray-  
ing for this moment. Nearly every  
man in that crowd was calm, but Bob  
Brownley was the calmest of them all.  
It's the exchange code that at any cost  
of heart or nerve-tear a man must re-  
tain good form until the gong strikes.  
Then, that he must be as near the un-  
caged tiger as human mind and body  
can be made. Only I realized what  
volcano raged inside my chum's bosom.  
If any other man of the crowd had  
known, Bob's chances of success would  
have been on par with a Canadian  
canoeist short-cutting Niagara for Buf-  
falo. Nine-tenths of the stock ex-  
change game is not letting your left  
brain lobe know what race your right  
is in until the winning numbers and  
the also-rans are on the board. If one  
of those 300 chain-lightning thinkers  
or any of their 10,000 alert associates  
knew in advance the intentions of a  
fellow broker, the word would sweep  
through that crowd with the sureness  
of uncorked ether, and the other 299,  
at gong strike, would be at each oth-  
ers' throats for their vitals, and before  
he knew the game had started would  
have his bones picked to a vulture-  
finish cleanness.

Suddenly, as I watched the scene,  
there rang through the great hall the  
first sharp stroke of the gong. There  
were no echoes heard that morning.  
The metallic voice was yet shaping its  
command to "at 'em, you fiends" when  
from 300 throats burst the wild sound  
of the stock exchange yell. No other  
sound in any of the open or hidden  
places of all nature duplicates the  
yell of a great stock exchange at an  
exciting opening. It not only fills and  
refills space, for the volume is terrific,  
but it has an individuality all its own,  
coming from the incisive "take-mine-  
I've-got-yours," from the aggressive,  
almost arrogant "you-can't-you-won't-  
have-your-way," the confident "by-  
heaven-I-will" individual notes that en-  
ter into the whole, as they blend with  
the shrill scream of triumph and the  
die-away note of disappointment, when  
the floor men realize their success or  
their failure. I picked Bob's magnifi-  
cently resonant voice from the mass—  
"40 for any part of 10,000 Sugar." It  
was this daring bid that struck terror  
to the bears and filled the bulls with a  
frenzy of encouragement. Again it  
rang out—"45 for any part of 25,000,"  
and a third time—"50 for any part of  
50,000."

The great crowd was surging all  
over the room. Hats were smashed  
and coats were being stripped from  
their owners' backs as though made of  
paper, and now and then a particu-  
larly frantic buyer or seller would be  
borne to the floor by the impetus of  
those who sought to fill his bid or grab  
his offer. Through all the wild whirl,  
straight and erect and commanding  
was the form of Bob, his face cold and  
expressionless as an iceberg. In five  
minutes the human mass had worked  
back to the sugar pole and there was  
the inevitable full while its members  
"verified."

I could see by the few entries Bob  
was making on his pad that he had  
been compelled to buy but little. This  
meant that his campaign was working  
smoothly, that he was driving the mar-  
ket up by merely bidding, and that he  
had the greater part of my 50,000 yet  
unbought, which, if he could continue  
or in

voice rang out again—"153 for any  
part of 10,000 Sugar." Again the gam-  
blers closed in and for another five  
minutes the opening scene was dupli-  
cated, with only a shade less fierce-  
ness. After ten minutes' mad trading  
a mighty burst of sound told that  
Sugar was 160 bid. Then Bob worked  
his way out of the crowd, and passing  
by me fairly hissed, "By heaven, Jim,  
I've got them clutched!"

I went back to the office. In a few  
minutes Bob without a word strode  
through my office and into the little  
room occupied by Beulah Sands. He  
closed the door behind him, a thing  
that he had never done before. It was  
only a minute till he opened it and  
called to me. In his eyes was a strange  
look, a look that came from the blend-  
ing of two mighty passions, one joy,  
the other I could not make out, unless  
it was that soft one, which suppressed  
love, emerging from terrible uncer-  
tainty, generates in deep natures and  
which usually finds vent in tears.  
Beulah Sands was a study. Her heart  
was evidently swaying and tugging  
with the news Bob had brought her.  
She must have seen the nearness of  
release from the torture that had been  
filling her soul during the past three  
months, and yet such was the remark-  
able self-control of the woman, such  
her noble courage, that she refused to  
show any outward sign of her feelings.  
She was the reserved, dignified girl  
I had ever seen her.

"Jim, Miss Sands and I thought it  
best that we should have a little match  
up at this stage of our deal," Bob be-  
gan. "I want to know if you both agree  
with me on adhering to the original  
plans to close out at 175. I never felt  
surer of my ground than in this deal.  
The stock is 163 on the tape right  
now." He glanced at the white paper  
ribbon whose every foot on certain  
days spells heaven or hell to countless  
mortals, as it rolled out of the ticker  
in the corner of the office. "Yes, there  
she goes again—3 1/4, 4 1/4, and 1 1/20  
at a half. There is a tremendous de-  
mand from all quarters. Washington's  
buying is unlimited; the commission  
houses are tumbling over one another  
to get aboard and the shorts are scared  
to a paralyzed muteness. They don't  
know whether to jump in and cover or  
to stand their present hands, but they  
have no pluck to fight the rise, that is

certain. The news bureaus have just  
published the story that I am buying  
for Randolph & Randolph, and they  
for the insiders; that the new tariff  
is as good as passed; and that at the  
directors' meeting to-morrow the Sugar  
dividend will be increased, and that it  
is agreed on all sides she won't stop  
going until she crosses 200. I've been  
obliged to take on only 18,000 of your  
50,000, and at present prices there is  
over two hundred thousand profit in  
them. I think I could go back there  
and in 30 minutes have it to 180. Then  
if I rested on it until about one o'clock  
and threw myself at it for real fire-  
works up to the close, I could, under  
cover of them, let slip about half our  
purchases, and to-morrow open her  
with a whirl and let go the balance.  
If I'm in luck I'll average 180-185 for  
the whole bunch, but I'll be satisfied  
if I get an average of 175, which would  
allow me to sell it on a dropping scale  
to 160."

I agreed that his campaign was per-  
fect, and Beulah Sands said in her  
usual quiet way, "It is entirely in your  
hands, Mr. Brownley. I don't see how  
any advice from us can help."

Bob went back to the exchange and  
I into my office. Bob had been right  
again. In ten minutes the tape began  
to scream Sugar. With enormous  
transactions it ran up in 15 minutes to  
188, in three more it dropped to 181,  
and then steadily mounted to 185 1/2,  
dulled up, and was healthy steady.  
Presently Bob was back and we sat  
down again.

"I've bought 20,000 more for you,  
Jim, on that bulge. I've 38,000 in all  
of the last 50,000, which leaves me  
12,000 reserve. The average is 'way  
under 75, and there must be \$400,000  
for you in it now and a strong \$1,400,  
000 in Miss Sands' 20,000, and \$1,500,  
000 in our 30,000. They say it's bad  
business to count chickens in the shell,  
but ours are tapping so hard to get  
out I can't help doing it this once. I'm  
going to keep away from the floor for  
an hour or so, then I will go over and  
wind it up, and—good God, Beulah—  
Miss Sands—are you ill?"

The girl's face was ashen gray and  
she seemed to be gasping for breath.  
I rushed for some water while Bob  
seized both her hands, but in an in-  
stant the blood came to her cheeks  
with a rush and she said, "I was dizzy  
for a moment. It must have been the  
thought of taking \$1,800,000 back to  
father that upset me. With that amount  
father could make good all the trust  
funds, and have back enough for his  
own fortune to make us seem, after  
what we have been going through,  
richer than we were before. Pardon me,  
Mr. Randolph, won't you, when I  
say—God bless you and every one  
whom you hold dear, God bless you?  
What could I or my father have done  
but for you and Mr. Brownley?"

She turned her big eyes full upon  
Bob, filled with a light such as can  
come only to a woman's eyes, only to  
a woman before whom, as she stands  
on the brink of hell, suddenly looms  
her heaven.

Sharp and shrill rang Bob's ex-  
change telephone. The ring seemed  
shriller; it certainly was longer than  
usual. Bob jumped for the receiver.

Fresh Air and Postum a Health Combination Hard to Beat.

"Four years ago," writes a Vermont lady, "I was a victim of indigestion. Everything I ate distressed me—gave me nausea and forced gas in my stomach which was very annoying."

"I had palpitation so bad I could not lie on my left side, and began to think my heart must be affected. I had used coffee for 25 years, and thought it would be impossible to give it up, as I usually had nothing for breakfast but a roll and a cup of coffee."

"My indigestion grew worse, in spite of doctoring, and I felt obliged to try something else. I drank chocolate and cocoa, but soon tired of them."

"The doctor had ordered my husband to stop drinking coffee on account of heart trouble, so he was using Postum and wanted me to try that. I took one cup of it as our servant prepared it, and thought it was a wretched stuff."

"I was getting desperate when the cook left me and I had to make Postum for my husband. Then it was that I studied the directions on the package and wondered if the girl had been boiling it long enough."

"I cooked it fully 20 minutes and was surprised to find it most palatable. I found that rich cream improved it as much as it did coffee. I also learned that Postum tasted better, and it was easier to prepare it the night before."

"I put two heaping tablespoons into a square cheese cloth, tied it tightly, dropped it into a clear coffee pot, poured over it three cups of cold water, and let it stand covered until morning."

"Then it was boiled thirty minutes, and we had two large cups of a delicious drink, after cream and sugar had been added. It has a rich delicious flavor of its own and we have used nothing else for four years."

## IN THE SPOTLIGHT

### Primrose as a Throat Specialist

The throat of a minstrel singer is as delicately sensitive as those of grand opera artists. But George Primrose has a remedy of his own that works astonishing cures.

"It's no use, George," a silver voiced balladist will huskily whisper half an hour before the curtain goes up. "My throat's as raw as a blue point on the half shell. I won't be able to sing a note tonight."

"Well, that's too bad," replies Mr. Primrose, his honest face aglow with sympathy. "Magnificent organ like yours is not to be trifled with. What you need is a complete rest."

"I guess I'll be all right for the quartette, if you'll stand for me cutting out the solo," protests the singer suspiciously, and a trifle more distinctly.

"Not for worlds, 'dear boy,'" answers Mr. Primrose, decisively. "I should feel like a criminal if I caused permanent injury to such a voice. Take an absolute rest—one week, two weeks, if necessary. When you are right again, I'll put you back on the salary list."

Then the balladist hurries around to black up and sings so delightfully that he has to take four encores.

A skilled specialist who makes the sufferer say "Ah-a-a-a" and charges him twenty dollars, is not in it for a minute with old Doctor Primrose and his magic throat cure.

Mr. Primrose and his big company plays an engagement at the La Crosse theater tonight.

"Girl of the Streets" will be seen at the La Crosse theater tomorrow afternoon and evening. Its principal actress is Miss Katherine Crego, a well known emotional leading woman, and her success is said to be of the pronounced order. Of course this was to be expected as it would be hard to connect Miss Crego with a failure. She is a beautiful young woman with talents far beyond her years. The play has been doing on the road, in theatrical parlance, a record-breaking business. It is in four acts and the entire scenic production, electrical effects, properties, etc., is carried by the company.

So many people have witnessed and applauded "The College Widow" that it is usually safe, if you have not yourself witnessed a performance, to expect the average theater-goer to be able to post you regarding the merits of this cleverest of American satires. The chances are more than even that he to whom you address your question has either seen this delightful Ade comedy or has been urged to do so by someone who has witnessed a performance. "The College Widow" comes to the La Crosse theater on Thursday, April 9, with assurance of a patronage limited only by the capacity of the theater. Henry W. Savage is sending us one of his strongest casts in this famous college satire.

### PROUD OF HAVING TRIED CUTICURA REMEDIES

"I had eczema on my hands for about eleven years. The hands cracked open in many places and bled. One of my fingers was so bad that the nail came off. I had often heard of cures by the Cuticura Remedies, but had no confidence in them as I had tried so many remedies, and they all had failed to cure me. I had seen three doctors, but got no relief. Finally my husband said that we would try the Cuticura Remedies, so we got a cake of Cuticura Soap, a box of Cuticura Ointment, and two bottles of Cuticura Resolvent Pills. Of course I kept Cuticura Soap all the time for my hands, but the one cake of Soap and half a box of Cuticura Ointment cured them. It is surely a blessing for me to have my hands well, and I am very proud of having tried Cuticura Remedies, and recommend them to all suffering with eczema. Mrs. Eliza A. Wiley, R. F. ## LA CROSSE CO. MAY BE SHUT OUT OF WINONA

### COUNCIL THERE MAY NOT MAKE ANY CONCESSIONS

According to advices from Winona, there is a possibility that the La Crosse Water Power company, which is seeking franchises in Winona to furnish electricity and power, may be shut out, owing to the failure of the company to accept franchises already offered.

A Winona dispatch in the St. Paul Pioneer Press, says in this regard:

The La Crosse Light & Power company, for which the city has prepared two fifty-year franchises, has refused to accept them and now the matter must be threshed out again. The company has been seeking these franchises since the first of the year but wanted to charge rates which the citizens believed were exorbitant. The city has made a number of important concessions, but the company refuses to come the other half of the way, and there now is reason to believe that the company will be shut out of the city."

# BEWARE OF IMITATIONS Cheap Substitutes and "Just As Good As."

Unscrupulous dealers, mindful only of profit and caring nothing for the health of their patrons, are offering for sale low-grade, impure whiskey, which they tell you is as "good as Duffy's."

It is a cheap concoction and fraud, intended to deceive the people. Of course, when a remedy has been before the public so long, has been prescribed and used by the best doctors and in all the prominent hospitals, and has carried the blessing of health into so many thousands of homes as DUFFY'S PURE MALT WHISKEY has, imitations are bound to arise. But they can imitate the bottle and label only—no one can imitate the contents.

DUFFY'S PURE MALT WHISKEY is made from a formula worked out fifty years ago by one of the greatest chemists the world has ever known, and while it has cured millions of people during the last half century, the secret has never been discovered.

Any firm that will sell imitation or substitution goods will sell impure drugs. The firm that is dishonest in one thing would not hesitate to be dishonest in another. Whenever you see imitation and substitution goods offered for sale by a firm, beware of anything and everything put up by that firm. You endanger your own life and the lives of your family and friends by dealing with them.

## BEWARE OF FRAUDS!

## Duffy's Pure Malt Whiskey

is sold in sealed bottles only—never in bulk. A facsimile of the genuine bottle, full size, is printed here so that you may easily recognize it. It is our own patented bottle—round, amber colored, and with the name "Duffy's Malt Whiskey Company" blown into the glass. The trademark—the Old Chemist's Head—is on the label, and over the cork there is an engraved paper seal. Be certain this seal is not broken.

### REFUSE IMITATIONS AND SUBSTITUTES

When you ask for DUFFY'S PURE MALT WHISKEY be sure you get the genuine which is the only absolutely pure malt whiskey containing medicinal, health-giving qualities. Imitations and substitutes, far from relieving the sick, are positively harmful. Demand DUFFY'S, and be sure you get it. Be on your guard against refilled bottles.

Duffy's Pure Malt Whiskey promotes health and longevity, KEEPS THE OLD YOUNG—THE YOUNG STRONG

It is the only whiskey recognized by doctors everywhere as a medicine. This is a guarantee.

The genuine is sold by all reliable druggists, grocers and dealers, or direct, \$1 a bottle. Illustrated medical booklet and doctor's advice free. Address Duffy Malt Whiskey Co., Rochester, N. Y.

## FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering From Woman's Ailments.

I am a woman.

I know woman's sufferings.

I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments.

I want to tell all women about this cure—you, my reader, for yourself, your sister, your mother, or your sister.

I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I knew that my home treatment is a safe and sure cure for Leucorrhoea or White Discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing down feelings, nervousness, creeping feelings up the spine, melancholy, desire to cry, hot flashes, weariness, kidney and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely.

Remember, that it will cost you nothing to give the treatment a complete trial; and if you should wish to continue, it will cost you only about 15 cents a week, or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISOR," with its explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should read it, and learn to think for herself. Then when the doctor says—"You must have an operation," it cures all, old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Discharges and Painful or Irregular Menstruation in Young Ladies. Plumpness and health always result from its use. Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell you that this Home Treatment really cures all women's diseases, and makes women strong, plump and robust.

PITTSBURG, April 6.—John Ellmore, the Altoona cobbler, who makes ashes burn, and who has been here for several days giving demonstrations of his remarkable discovery, has been invited by the government to give a test of his invention at Annapolis for the benefit of the government. Commander J. Edward Palmer, who is stationed at the Carnegie Steel Works at Braddock as an inspector of armor plate, called on Ellmore after having witnessed one of his demonstrations, and invited him to go to Annapolis as a guest of the government. The invitation was accepted, and Ellmore left at once for his home in Altoona, where he will make arrangements for going to Annapolis.

ACCOMODATES  
FRIEND, MAY DIE

BUTTE, Mont., April 6.—An act of generosity for a friend who was nursing a sick wife will cost Andrew Sanders his life. Sanders was scalded in a collision between the two crack trains, on the Northern Pacific railroad near Garrison, Mont.

He had taken the run for the day to accommodate Fireman Taylor, the regular man of the North Coast Limited, and he failed to heed the warning cry of the engineer to jump when their engine crashed into the two engines pulling the Burlington Flyer. Sanders was pulled from beneath the wreckage in a delicious condition and continually raved.

"Taylor, old boy," he would shout, "I did it all for you. You are a married man and I am single, I can stand it, I am glad I did it. God bless you."

A number of passengers of the North Coast Limited sustained minor injuries among whom is Miss Roy McRoberts of Kansas City.

IN CONTEMPT FOR  
CRITICISING COURT

NORTH ADAMS, Mass., April 6.—Earl D. Gettman, a local attorney, was adjudged guilty of contempt of court by Judge Phelps of the district court after Gettman had admitted the authorship of an article in a local paper criticising the court.

Sentence was deferred, the court stating that "the powers given the court by law are entirely inadequate to meet this emergency," and that he would take further time to consider the penalty, which he intimated might depend to some extent upon Gettman's future conduct.

The newspaper article criticised a report made by the court in Doe proceedings, growing out of alleged irregular voting in the last city election.

WOOD GETS INTO  
ANOTHER ROW

WASHINGTON, D. C., April 6.—Following his controversy with Capt. Koehler, Maj. Gen. Leonard Wood, commanding the Philippine division, has preferred charges of using disrespectful language against F. S. Cairns, an employee of the civil government of the Philippines, and the Philippine commission is now engaged in the effort to get at the merits of the dispute.

Cairns was an employee of the civil government in Cuba during the period of American occupation while Gen. Wood was military governor. He had the reputation of being an expert in the investigation of accounts. In the course of his work in Cuba Cairns came in contact with Gen. Wood and some friction followed. Cairns was transferred to the Philippine service, where he has been on duty as one of the inspectors in the customs service.

When Gen. Corbin, then in command of the Philippine division, ordered an inquiry into charges of gross irregularities in connection with the making of furniture for offices, Cairns was detailed temporarily as an employee of the quartermaster's department to investigate these charges. It is believed that the trouble between Gen. Wood and Cairns arose as an incident to the inquiry.

Cairns, being an employee of the civil government and not subject to a court-martial, can be prosecuted only before the civil government.

The Wisconsin assembly has presented to Miss Mabel Davidson, daughter of the governor, who is to become the wife of Frederick C. Inbusch of Milwaukee, Tuesday, a beautiful silver and cut glass punch bowl.

**HICKS LECTURE IS POSTPONED**

The lecture of ex-Attorney General Hicks of Oshkosh, which was advertised to be delivered in this city tomorrow night, has been postponed. Secretary Stafford of the Y. M. C. A. received a telegram yesterday stating that Mr. Hicks could not be in La Crosse Sunday.

The lecture was to have been delivered in the Congregational church and had been arranged by the Pastors' union. The subject Mr. Hicks was to have discussed is "Christian Citizenship." The meeting would have been a union service but as it now stands each church will hold its own regular Sunday evening service as usual in its own building.

Mr. Hicks is one of the most eloquent speakers in the state and efforts will undoubtedly be made to have him appear later in our city.

## WOMAN SHOOT INTO GANG

MINOT, S. D., April 6.—William O'Leary was shot through the neck and dangerously wounded by Mrs. Florence Hines, the wife of an engineer. A gang of men, of whom O'Leary is alleged to have been the ring leader, mistook the Hines residence, it is said, for a "blind pig," and attempted to force an entrance.

Mrs. Hines was alone in the house, and after warning the men to desist from their attack she secured a revolver and fired. The bullet struck O'Leary in the ear and passed completely through his neck.

According to the story told by Mrs. Hines a party of six men, well supplied with liquor, came to the house about ten o'clock last night and demanded admittance. She refused to allow them to enter, whereupon, she claims, one of them threw a bottle of beer at her. Another ripped a post from the front of the porch and with

## GALESBURG WANTS A RECOUNT

GALESBURG, Ill., April 6.—At a largely attended meeting of representative citizens \$1,000 was raised in five minutes to contest the election of George Shumway, mayor-elect on the liberal ticket, whom the unofficial returns show had six majority over Judge J. D. Welsh, the people's party candidate. It is claimed that there were irregularities in the court, and formal application will be made for a recount. Both sides are freely charging fraudulent voting and there may be a wholesale investigation.

The people's party elected Professor H. V. Neal of Knox college, David Swanson and Ed Jarl aldermen, while the liberals elected Ralph Hoopes, Oscar Johnson and John Glenn.

## DURING THIS MONTH.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking in a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple blood cleanser and tonic at the first sign of Rheumatism, or if your back aches or you feel that the kidneys are not acting right.

Any one can easily prepare this mixture at home.

## UNDRESSES IN COURT TO TELL JUDGE NAME

CLEVELAND, O., April 6.—Everybody blushed in Justice William Brown's court when Steven Bauher started to disrobe.

"What is your name?" asked the justice.

"Wait," said Bauher, and he began to disrobe. He took off his coat and vest and tossed them to a chair. Then he unloosened his shirt at the throat and began to roll up his sleeve.

The girl with the hat determinedly turned her back. An old maid witness blushed.

"Here you are, squire," said Bauher unabashed, pulling his sleeve clear up to his shoulder and revealing a flaring tattoo sign. "I never can remember how to spell it."

# M'GOVERN IS NEXT LA FOLLETTE CANDIDATE

## MILWAUKEE MAN HIS CHOICE FOR GOVERNOR

(Special Tribune Dispatch.)

MADISON, Wis., April 6.—The campaign carried on over the senatorial vote in Assemblyman Roethe's victory has revealed the political hand of the future. F. E. McGovern of Milwaukee, the present district attorney, will be the next La Follette candidate for governor.

During the campaign in that district letters were mailed from Milwaukee containing letters and circulars favoring Isaac Stephenson for senator. Each letter contained the card of Henry Cochems of Milwaukee, who has been acting as assistant district attorney.

Politicians at the capital have secured copies of these letters and they claim they were mailed to a complete list of the farmers in Mr. Roethe's district. Importance is given to the letters because it is believed it indicates the handwriting on the wall. The La Follette members are going to support McGovern as the next governor.

It is said that this also strongly indicates that Senator La Follette has no idea of supporting Lenroot for the United States senate at this time but prefers to have him a candidate to fill the place two years hence.

The plan of La Follette two years hence is:

McGovern for governor in 1908.

Lenroot for United States senator two years hence.

It is also asserted at the capital that literature is continually being sent out in favor of District Attorney McGovern and the work he has accomplished in securing the conviction of grafters in Milwaukee. It is known that Senator La Follette spoke in Milwaukee in his favor last fall when he was a candidate on the split ticket.

# MURDER WITNESS DIES, MAY END TRIAL

GRANGEVILLE, Mont., April 6.—Mrs. Sylvester Scott, 72 years old, the principal witness for the prosecution in the Swan Knudson murder case, died suddenly at the home of her daughter near here.

Her death is indirectly due to a trip which she said last winter from her ranch to Grangeville, in order to give her testimony in the preliminary trial of Ed Wiley and Curley Howard, charged with the murder of Knudson. The trip was made during a spell of bitter cold weather. She contracted pneumonia, which left her in a weakened condition, and heart failure resulted.
